

SMILES and PLACES questionnaires

Directions

This questionnaire contains statements about practices which could take place in this class while it is having community or field oriented activities. You will be asked how often each practice takes place. There are no 'right' or 'wrong' answers. Your opinion is what is wanted.

Think about how well each statement describes what this class is like for students. Then, draw a circle around:

1	if the practice takes place	Almost Never
2	if the practice takes place	Seldom
3	if the practice takes place	Sometimes
4	if the practice takes place	Often
5	if the practice takes place	Almost Always

Be sure to give an answer for all questions. If you change your mind about an answer, just cross it out and circle another.

Some statements in this questionnaire are fairly similar to other statements. Don't worry about this. Simply give your opinion about all statements.

Practice Example

Suppose that you were given the statement: "Students choose their partners for group discussions." You would need to decide whether you thought that students in this class choose their partners 'Almost Never', 'Seldom', 'Sometimes', 'Often' or 'Almost Always'.
